Payment Schedule for Government Ordered Closure

Parties agree that in the case of a closure of Gan Tammy due to an act of G-d (this includes flood, fire, pandemic, war or any other government ordered closure) the parents, on 1st of the immediate calendar month that follows the commencement of the closure, will pay a reduced fee:

70% if closure occurs on or after the 15th of that calendar month, or 45% where the close occurs prior to the 15th of that month. With the end of the act of G-d, Gan Tammy shall give maximum notice possible in the circumstances of the re-opening of gan, whereupon full payment shall resume.

The above addresses the payment obligations of parents on the first of the month immediately following a closure of the gan in the event of a government shutdown. In the case of a prolonged closure, on the subsequent months parents will pay a reduced cost of 800nis per month in the payment periods after the month immediately following a closure.

In the case of an immediate but limited time period shutdown (for example someone in the gan testing positive for Covid-19 if that regulation is still in place) the parents will pay full fees as per the normal payment schedule.

You may return to the gan 24 hours after antibiotics are taken, or longer depending on doctors instructions. Depending on the illness a doctors note may be required in order to return.

If your child is found to have lice during the day, you will be notified upon pick up and required to treat your child's hair before returning.

There will be a notice posted on the information's boards and parents will be required to keep checking their child's hair to prevent the spreading of lice.

The Gan Tammy staff try to maintain a healthy environment as much as possible, with that in mind it is also important to understand that if this is the first gan exposure that your child has had away from your home, they will be more susceptible to viruses and generally illness.
